FOREWORD

•

We have pleasure in presenting our seventh annual Price List. Again we are not issuing a lengthy catalogue. We are grateful for your patronage last season and may we count on your wholehearted support again this season. We realise how difficult the times are, but we urge you not to neglect your gardens—there you will find peace and relaxation that no other occupation can supply. We have quality to offer. This season has been the best we have experienced.

TERMS OF SALE

CASH WITH ORDER. Add exchange to cheques. Postage paid on retail orders of £1 or more. Add a little extra for smaller orders. Freight must be added for mixed bulbs—1/6 per 100. Make M.O.'s payable at MITTAGONG.

BULBLETS.—Order these before 31st July. Twelve for the price of one large.

YEARLINGS.—Of most varieties at half price of large bulb. Order these before 30th September. We can, however, hold these for you if you book your order.

Commercial varieties of Gladioli in quantity. Let us know your requirements.

RELEASES FROM OUR OWN GARDEN

"BANJO" PATTERSON.—A lovely tall and vigorous gladiolus, of salmon pink, with conspicuous chestnut blotch edged with white. Tall spike with up to 20 buds opening 7-8 medium sized florets. The plant is healthy and vigorous and bulblets produce good spikes. L. 5/, M. 3/6, S. 2/, B 6d.

ARALUEN.—A mid orange red overlaid with slate, while the tips of the three outer petals are flecked deep slate mingled with salmon pink. Has a decided two-tone blotch—plum and orange. A tall spike carrying 20 buds, opening eight good sized florets. A beautiful glad. and

the novel colouring makes it most attractive. We have only a few large corms, but a good stock of medium and small which give good flowers. L. 7/6, M. 5/, S. 2/6, B. 1/.

Award of Merit, Burnley. 1941

VARIETIES RECENTLY INTRODUCED

The varieties listed herein have in some cases been listed by others, but our policy of rigorous testing does not permit us to list too early.
